

Alek Chair

The exemplification of aesthetics

The exemplification of aesthetics

Alek Chair expresses a high level of elegance and style. From design to materials, they all adhere to the simple Italian style with a perfect balance between artistic aesthetics and functional applications. The great combination of premium leather and aluminum components make it look classic luxury and modern. It is an ideal choice for executives.

The cow leather is durable while soft and smooth on the surface. It retains the original natural texture to the greatest extent through a rigorous process.

The upholstery of the chair backrest is made of high quality foam and double-layer wooden boards that offer great comfortable sitting experience ; The craftsmanship and quality are also presented by the exquisite stitching and every detail.

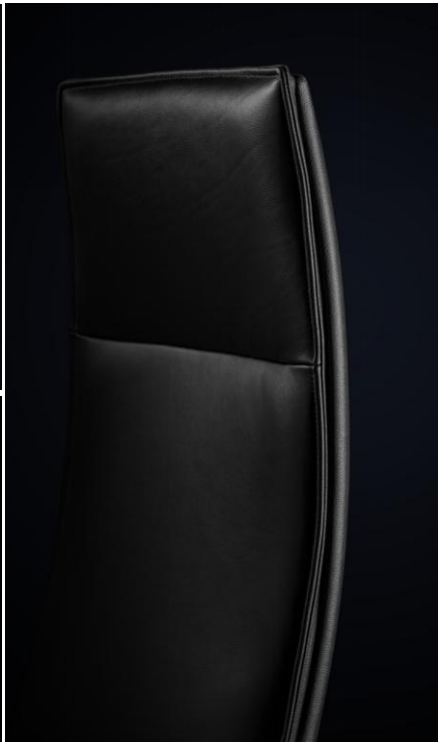

Lean back with comfort

The synchronized reclining function of the Alek seat enables you to recline at different angles when you lean back. The 4-locking positions with 16° back tilt function not only helps you stay focused on work, but also offers you a state of comfort and relaxation.
