

E-ZEE

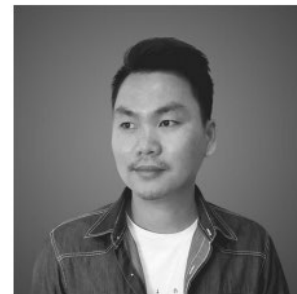

Folding Table

Edison CEO/Design Director

Our experienced and creative design team never stopped working on product R&D. With the excellent design and stable quality, our products are highly respected and recognized by the industry. Adopted comprehensive design techniques such as 3D modeling, scenario rendering, 3D printing, CNC modeling and finite element analysis which shortened the design phase and development cycle.

Design Inspiration..

Space has endless possibilities. We want to design a flexible and versatile table that allows you to quickly adapt your space to suit your needs.

Elegant Design

E-ZEE Folding Table

「A newly folding table to balance not only work and life, but also mind and body」

With light & simplified appearance that obsoletes traditional folding table cumbersome make it extremely easy to operate.

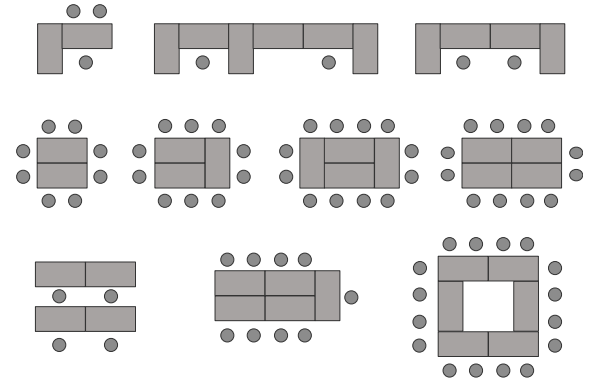

Features

E-ZEE Folding Table

The diversity and dynamic product features make it an ideal adaption for office spaces.

A variety of space layout

E-Zee is a multi-purpose table that allows you to quickly adapt your space to suit your needs.

The simple flip-top mechanism is designed for single-handed operation.

Tables nest in an upright position to minimize storage space.

Two crossbars available : Telescopic & Fixed

The table frame is made of aluminum alloy, which not only introduces better visual comfort and stronger product strength integrity and stability but it's also 90% recyclable.
